### Project Information

#### 1. Project Description

Please include a brief project description.

City Government desires to create an efficient location for all development services to work from in order to enhance the customer's experience and reduce the time necessary to secure proper development approval. This proposal is to provide the necessary funding to reconfigure an existing building for optimal use as a development center.

#### 2. Project Purpose

Please describe the project's public purpose and benefit.

Reduce the costs of city government operations as well as the developer. Improve the efficiency of city government operations. Also, it is desired to provide citizens a convenient location for them to conduct business with the city for collection of fees and licenses. In order to make this project effective and beneficial, the city's current public works facility will need significant reconfiguration. The following city government departments are involved in the one stop center process at this time; Administration, Building Safety, Engineering, Fire and Rescue, Planning, Public Works, Parks and Recreation, Human Resources and Finance.
